Contact: Jennifer Kelly; Director of Learning

Overview:

The Navigator’s program is centered around the common theme of local waterways, an integral part of Falmouth's identity, and the Wabanaki. It will provide opportunities for Falmouth students to engage in authentic, interdisciplinary learning, to experience place-based learning, and gain a larger understanding of the importance of water both locally and globally. The Navigators Program will provide opportunities for Falmouth students to build connections with nature, their community, the indigenous history of our state, and their identity.
